Tears will flow,
just like a fountain.
We must all say good-bye
knowing when we say, "I'll write"
we never will,
we'll never call.
We may even forget names.
After being close and sharing all,
everything we have built
together for four years
will fade, yet not fall.
It's the end of the old
and a beginning of the new.
Mixed feelings:
Sadness, yet happiness;
joy, yet sorrow.
Here we come graduation.

If you were here
I would say thank you
Thank you for knowing me
If you were here
I would say thank you
Thank you for understanding me
If you were here
I would say thank you
Thank you for making me so happy
But since you are away
I'll just think of you softly
And Thank you in my dreams.
