

## Alone

**Charisma Karnavar**

I like to be alone  
No annoyance  
No interrogation  
Nothing missed  
You can be alone too  
In the same room  
I won't touch or pry your hurts  
and tell you they will heal  
Won't ask why or how  
I will let you be  
As I desire  
To be  
Alone
